Approval of the revised Long Term Turtle Management Plan for EPBC approvals 2008/4057, 2008/4402 and 2009/4977

Dear Mr Betts

Thank you for your letter dated 22 May 2026 to the National Environmental Protection Agency (the agency), seeking approval of the revised Long Term Turtle Management Plan, LNG Facilities – Curtis Island, Gladstone to meet the requirements of the following conditions of approvals under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act):

- condition 45 of EPBC Act Approval 2008/4057;
- condition 45 of EPBC Act Approval 2008/4402; and
- condition 65 of EPBC Act Approval 2009/4977.

Officers of the agency have advised me on the revised Long Term Turtle Management Plan and the requirements of the conditions of the approval for these projects. On this basis, and as a delegate of the Minister, I have decided to approve the revised Long Term Turtle Management Plan, LNG Facilities – Curtis Island, Gladstone, Rev 8, August 2026.

Now this plan has been approved, it must be implemented. The approved plan must also be published in accordance with the conditions of approval.

As you are aware, the agency has an active monitoring program which includes monitoring inspections, desk top document reviews and audits. Please ensure that you maintain accurate records of all activities associated with, or relevant to, the conditions of approval so that they can be made available to the agency on request. Should you require any further information please contact Derek Yates by email to PostApproval@dcceew.gov.au.

Yours sincerely
